Data Science and Business Analytics

“In a fast changing environment of worldwide access to higher education, a University of London degree continues to offer a guarantee of quality, value and intellectual rigour.”

Professor Wendy Thomson
Vice-Chancellor,
University of London

Data Science and Business Analytics is an innovative double degree awarded by University of London to KBTU and ISE. There is simply no better addition to your skills for the future.

The DSBA curriculum is designed to make the students job-ready in the market place. Students will take a combination of courses in statistics, mathematics, economics and computer science and they will be prepared to analyze data and business implications in the real world.

Professor G. Kretzschmar — Dean of ISE
