

**UNIVERSITY
OF LONDON**

Summer

May - August 2021

WORLDWIDE EMPLOYABILITY

Careers Events Timetable

**the
CareersGroup**
University of London

Careers Webinars provide an expert-guided supportive peer-learning space with an emphasis on encouraging students to share their understanding of skills, reflect on and create career objectives, and identify professional development actions. You can sign up for as many as you like!

In the Summer 2021 programme we'll continue our series of webinars and drop-ins which we know our students value, but we're also featuring a brand new style of career event. Here's what you can expect:

■ Career Essentials

The Career Essentials series of webinars will cover the key careers and employability topics that so many of our students value as they develop their careers.

■ Career Enhancement

This series of webinars will explore key aspects of Career Enhancement and professional development which builds on popular topics of previous sessions.

■ General Drop-ins

Our popular drop-in sessions, where students can pose any career and employability-related question to a senior career consultant.

■ Work in the 21st Century

Themed-drop in sessions with a focus on specific aspects of Work in the 21st Century.

■ Career Voice Event: The Alumni Voice

This event will provide our current UoLW students with an opportunity to learn from alumni from the University of London, many of whom may be based in either similar locations, work in related industries, or have studied similar programmes.

SUMMER SERIES
